

WiscNet Servers

Service	Hostname	IP Address	Notes
Recursive DNS (resolvers)	rdns1.wiscnet.net	205.213.254.254 2001:4e0::53:1	 Do not set these as NS records for your Authoritative domains (dns hosting) Use for DNS resolution for your WiscNet Network Access connection. Will only respond if on Wiscnet's network.
	rdns2.wiscnet.net	216.56.254.254 2001:4e0::53:2	
Authoritative DNS	ns1.wiscnet.net	N/A - Only use the hostnames for your NS records.	 Do not set these as DNS servers for your clients or as upstreams for your own resolvers. Point your registrar's NS records to these IPs if WiscNet is hosting your DNS domain. Please use ns1/ns2 for any newly registered domains. In 2021, WiscNet switched names for authoritative DNS to ns1/ns2. If you have these name servers listed, they will continue to function: • dns.uw-mad.wiscnet.net • dns.uw-mil.wiscnet.net
	ns2.wiscnet.net	N/A - Only use the hostnames for your NS records.
